### Cylinders You Need

With more than 100 years of cylinder design and manufacturing experience, Parker's quick ship program includes key cylinder features and options that are most frequently used in the markets we serve. Our customers will find more options in our program than any other cylinder shipping program in the industry.

### When and Where You Need Them

Our cylinder shipping program will take orders from 8:00 AM until 2:00 PM EST in the eastern U.S. time zone. Parker's manufacturing facilities are strategically focused to ship these core products quickly to meet your needs.

### Compact Cylinder Quick Ship Program

- Orders must be received before 2:00 PM EST.
- Minimum order quantity of 10 cylinders.
- Orders will be processed and shipped three business days after order entry. (five days for CHD).
- We reserve the right to proactively request an alternate ship date.
- Contact your customer service representative for a list of complete terms and conditions.
